ADVANCED DIPLOMA
AND CERTIFICATE

PHOTOGRAPHY

LaSalle College Photography Diploma is two years program designed to train students to become professional photographers. The classes cover many aspects of photography, from basic photographic skills, traditional black & white film processing and printing, to the latest technology in digital photography. It offers a balance between classroom theory and practice, both in studio and outdoor fieldtrips. The program emphasizes on commercial photography, which includes advertising photography, fashion photography, portraiture and interior - architecture photography.

Upon completing LaSalle College Photography Diploma, students will have sufficient skills to work as professional photographers.
