Often students are unsure where their creative strengths should be focussed. At LCI we give you an opportunity to workshop your creative skills and explore opportunities not available in singular degrees or in the schooling system.

You can also mix disciplines throughout the program, work closely and collaboratively with your creative peers and even finish up with a double degree (in only 3 years) across creative specialisations.

- ♥ We have intimate class sizes – lots of one-on-one engagement so we find your strengths and develop them

**“ WHY IS THE
BDA ONLY
TWO YEARS? ”**

WHY IS THE BDA ONLY TWO YEARS?

LCI wants you to join industry and explore your passion without delay. Instead of stretching 6 semesters over 3 years with tediously long breaks we fast track the experience as if you were already in industry (where you will be expected to be fast and fabulous). Six innovative trimesters in two years that are dynamic and maintain the momentum of your creative development. No boring breaks!

WHAT WILL MY TIMETABLE BE LIKE?

At LCIM you will have 50 credit points in a fulltime load split across major studio-based classes (we call them workshops and laboratories), professional units and context units.

Generally, for a full time load you will have 15 hours in class activity and then allow approximately 20 hours a week for student directed additional work at your own pace. You will have 2 to 3 days per week on campus – although you can always hang out when you don't have formal classes and use the resources and space.

WILL I BE ABLE TO STUDY PART-TIME?

YES! We offer flexible and tailored options to suit you. You should note however part-time study will not be available to domestic students who require Centrelink support or international students who need to comply with student visa requirements.

WHAT IF I WANT TO TAKE A BREAK?

Even with LCI Melbourne's support systems, students sometimes require time off during their studies due to personal difficulties or other reasons. At any time after commencement, you may apply for Leave of Absence, for a period of 2 to 3 trimesters.

This may be different if you are an international student because of visa requirements.
Chat to our Student Services Team [Here](#) if you want further advice.

If you decide to leave the program after successfully completing 4 trimesters full-time study, you can apply to receive an Associate Degree of Design Arts.

I WANT TO KNOW MORE ABOUT LIFE AFTER LCI...

HOW LIKELY AM I TO GET A JOB AFTER FINISHING MY QUALIFICATION?

With a vast array of industry networks in Australia and overseas, LCI is the institute in touch with the creative fields. We open our little black book of contacts to support our students in professional placements, industry projects and kickstarting your careers.

IS IT HARD TO GET A CAREER IN ART AND DESIGN?

The creative industries are thriving, major business operations now seek out experts in creativity to lead divisions (places like Deloitte, KPMG and Price Waterhouse Cooper now have Creative Directors).

During 2020 and 2021 in Victoria, the creative industries rose above the pandemic to make significant contributions to the economy. Our friends at Creative Victoria shared the statistics: 171,149 people are employed in creative industries across design disciplines aligned to what we teach at LCI. At least 1 in 10 people in Victoria work in design related fields – **that is significant.**

Don't let anyone tell you, you can't get a career in the area that you love!

WHAT IF I WANT TO EXTEND MY STUDIES?

The Bachelor of Design Arts offers the option of completing with a Double Degree. This allows you to undertake two complete major study programs, developing your versatility and skillset.

If you decide on this option early in your enrolment, the double major can be completed within a single extra year. We also have amazing pathways with our global network – imagine finishing with an international master's degree!
