Interior Design

LaSalle College's Interior Design program is a comprehensive, accredited program with 810 hours of online classes.

During your training, you'll learn to design attractive and functional residential and commercial spaces that comply with established plans and specifications.

At the end of your interior designer training, you'll be able to design custom creative solutions to interior design problems aimed at improving quality of life and quality of work.

Training Objective

- High-quality training with rich media content.
- Continuous evaluation of your understanding of the material.
- An online program based on the original LaSalle College Interior Design program.
- Virtual evening classes.
- Length of program: 16 months.
- 20 hours/week of work (includes self-guided training, virtual classes and individual study time).

Prospective Student Profile

If you have these qualities or skills, then a career in Interior Design may be for you!

- Creativity and aesthetic sensibility.
- Passion for design.
- Artistic abilities.
- Ability to work with precision.
- Basic technical knowledge.
- Ability to adapt to a varied schedule and meet tight deadlines.

Diploma

This program has been approved by the registrar of the Private Training Institutions Branch (PTIB) of the Ministry of Advanced Education, Skills & Training.
